Kelowna Lakeside  
Private Dining & Events

It's no secret that the best moments in life include good people, great food and a drink or two. We set out to create a place that feels like home (only more fun).

---

We're laid back, but not about what we serve. Our menu is a thoughtful collection of family-style share plates and craveable classics done better, served next to seasonal cocktails and all the local beer and wine favourites.

King Taps is a go-to spot for local DJs, big games and buzz-worthy events. Our passion for community and connection come together in spaces where everyone's always welcome and the vibes are always good.
